

Steel Look

Aluminium Doors and Windows

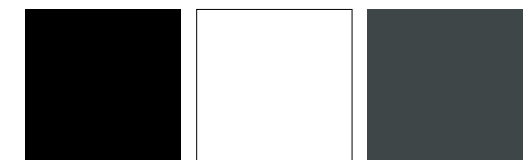

JB Installations is owned and managed by Julian and Ruth and we focus on providing high quality doors and windows, combined with excellent personal customer service.

When you are looking to upgrade your home, we will help you select the right glazing product to complement the style and period of your property.

We pride ourselves on supplying our customers with the most energy-efficient, secure, and aesthetically pleasing solutions.

Key Features

- Slim aluminium sightlines
- Argon filled double glazed units with a U-Value of 1.5 W/m²K
- Locking handles to all windows
- Multi-point locking to doors which meet PAS24 security standards
- Available in Black, White or Anthracite Grey powder coated aluminium as standard
- A wide range of colours and finishes are available
- Single doors and double doors can open inwards or outwards.
- Windows can be side hung, top hung or fixed

The most popular colours are:

Black, White and Anthracite Grey or choose from a wide range of RAL colours.

We find that with many homeowners enjoying a retro look in their homes, **Art Deco windows and doors are becoming increasingly popular** in contemporary refurbishments and new extensions.

The doors and windows are fitted with argon filled double glazing and achieve a U-Value of 1.5 W/m²K to **keep your home warm.**

Whilst Black, White and Anthracite Grey are the most popular colours, the aluminium can be powder coated in a wide range of colours to perfectly complement your individual style.

All doors and windows are made to bespoke sizes to fit perfectly in your home. Whether you choose a single door or double doors, every design is fully weather rated, thermally efficient and meets PAS 24 security.

Window Handles

Three styles to choose from: Art Deco, Bulb End or Monkey Tail in Black, Silver, Grey, Bronze or Gold.

We will call at your home and carry out a full survey and **help you decide which doors and windows will be the most suitable solution** to suit your needs.

When it comes to replacing traditional steel windows in Heritage or Listed buildings, they are the ideal solution, with a slim 59mm sightline.

Door Handles

- Lever handles in Black, Silver, Grey, Bronze or Gold
- The Lever handle on the master door operates a multi-point lock
- On double doors, one pair of handles is fitted to the master door, with a face mounted shoot bolt to secure the slave door. (see photo)

“★★★★★

Great experience with Ruth, Julian and the team. They were quick to respond to my initial enquiry and delivered exactly what we needed on time and to a high quality. Couldn't be happier with their service and would highly recommend JB Installations". - Roz Stone
